Residential on 1.16 Acres

NONE AVAILABLE, Dauphin, PA

So much to love about this 5 bedroom, 2 bathroom home situated on a quiet cul-de-sac in Dauphin. It's Dauphin, but just a few minutes off 322, so you are not far from civilization. When you enter the home, you are greeted with a beautiful staircase and real hard wood floors that continue through the sitting room and family room. The primary on the first floor has an attached bathroom with a step-in shower that makes getting in and out a breeze. Next to the Primary is a second first floor bedroom with access to the bathroom. Everyone can gather in the large open family room that flows right into the eat-in kitchen and front sitting room. Upstairs you will find 3 additional bedrooms, a full bath and a large bonus room that can easily function as a second family room or a second Primary bedroom. A huge walk-in storage room is in the bonus room area. The lower level is nicely finished off into two entertaining areas. A large storage room, a second laundry hook-up and workshop complete the lower level. No need to go up and down stairs to do the laundry. The seller has recently relocated the laundry to the first floor for added convenience. You will have peace of mind knowing that the roof and the cooling system were replaced early 2025! Enjoy all the changes of the seasons and watch the wildlife while sitting in your beautiful sunroom located just off the kitchen. Just another reason why you will love living here
